Sewing for Dolls II—Embellishments

Saturday September 21st, 2024

9:00 am to 4:00 pm

Hastings, Michigan

Several years ago we presented a workshop titled Hand Sewing Techniques for Dolls. It was a rousing success and before it was over people were asking us when our next one would be. Well, life interfered with all of our plans for a while, but at last **we are back!**

We will again be at Jennie Sykes' charming studio in Hastings, Michigan. This time we are going to spend the day learning all about embellishing, with the emphasis on techniques for adding that extra pop to our doll clothes.

In addition to going over many of the different types of embellishment techniques, materials will be included to practice some of the most popular ones. The samples that are created can be used for a variety of purposes. And of course there will be our ever present tips and tricks. Everyone in the class will also be receiving Susan Sirkis's excellent Wish Book titled "Fashions in Trim".

For some extra fun there will be a helpers raffle!

Lunch is included. All this for \$150. *~~Class size is limited so register early~~*

REGISTRATION FOR SEWING EMBELLISHMENTS WORKSHOP

Payment with registration is due by **August 31st, 2024**
